

Joint Statement on Agreement Between PA Dept. of Human Services and Clock Tower Schools

Jan. 27, 2023

We at Juvenile Law Center and Education Law Center are deeply troubled that, based on available information, a team of individuals who worked in or were in the leadership of a notoriously abusive institution that violated students' education rights will be in charge of this same institution under a new name.

We call on Gov. Shapiro to reconsider this troubling decision by DHS.

Many Philadelphia youth were harmed at this facility, and we hope Philadelphia continues to be very cautious about sending youth there.
